

Trap

Gary Delin (406) 587-2581

Trapshooting continues on Wednesday evenings starting at 6:00pm and Sundays at 12:30pm. As usual we will be open through the winter and year round with these hours.

Watch for a winter trap league starting in mid to late January. Dates will be posted at the club.

We have a holiday fun shoot scheduled for Sunday, December 18th starting at 11:00am. There will be all kinds of fun shoots taking place with holiday turkeys and hams up for grabs.

On Wednesday evening, December 21st the Logan Trap range will have the annual Christmas gathering. Of course there will be shooting, food, fun and fireworks. Hope to see you there.

Last year the Logan Trap range hosted the Montana State Team Singles, All Class Shoot. We were selected to host it again in 2017 on April 22 & 23. In the main team event last year we had 20 squads, with eight of the teams being from Logan. A team from Logan ended up winning the state Title. Congratulations go to the team of Tonya Kent, J.D. Kent, Kevin Kent, Shawn Sime, and Lee Schans. Good shooting Folks.

I am hoping in 2017 we can get 25 squads with at least 10-12 teams from Logan. A team is made up of shooter from class A, B, C, D, and a new shooter. Right after the Holidays we will start to get teams forming for those who don't already have one, and to get people signed up to help put this great shoot on. Watch the club house for info on the team shoot.

In closing I hope you will join me in saying goodbye to one of the Logan Trap ranges most loyal shooters, a great friend to many of us, and a great friend to the sport of Trap shooting. Bill Beyl. With Bill's passing in late November, it is kind of the end of an era at the trap range. If Bill wasn't hunting, fishing, or at the ATA shoot elsewhere, he could almost always be found at the Logan trap range. If he wasn't shooting, he could be found helping young or struggling shooters, helping someone fix their gun, telling stories, or pulling practical jokes on the rest of us. We will miss you Bill.

Thanks to all of you for making the MWA Logan trap range a safe place to have fun shooting trap.

Gary Delin
